CARROM BOARD

1.) COSPO FANTASIA ®

Carrom Board is Approved by All India Carrom Federation, which are used in National and International tournaments. Playing surface 29" * 29" is made of Imported Birch Ply. The total thickness of the ply is 16mm. Or 20mm. Thickness of the side wood as per the Federation norms are between 2.5" to 3".

The above board is also made by using Indian Ply following the federation specification.

We also make the above type of board in thinner Ply (8mm and 12mm), the thickness of border wood remains the same but can be changed as per requirements of our customer.

CARROM BOARD

2.a) FANTASIA SMALL[®]

Small board EXPORT Quality for children with 23" * 23" playing surface and 13/8 * 13/8 border are best for children between 4 and 8 of age
